

Easy to use and highly productive this is regarded as one of the best professional deep loosening machines. Available in three working widths it combines with a range of tines and rear attachments making it multi-functional and operational the whole year round.

Terra Spike™ standard features

Vibra Stop: A key safety benefit to the operator, this is an integrated shock absorbing system which absorbs vibration

Quick Set Heave: Achieves a class leading 25° heave range. A simple, central and 'tool free' adjustment gives infinite heave setting between 90° and 65°

Quick Set Depth: Accurately set depths, regardless of which length of tine is fitted, just make one simple, central and 'tool free' adjustment

Power Pack: A central power pack helps to protect the tines from damage in extreme stony or hard conditions

Quick Fit: An integrated tine mounting and extraction system

The patented Terra Spike XP™ includes a PTO slip clutch, linkage pins, rear roller with scraper bar, a parking stand system, safety guards and first set of 20mm diameter tines.
